Happy Cabin Dahlia Gardens

We are pleased to submit this list of HONOR ROLL and CERTIFIED DAHLIAS and others that have been grown and tested in our gardens.

Our dahlias are Mountain Grown, properly fed to insure good growth and strong roots.

All of the varieties are internationally known and recognized as outstanding leaders of the Dahlia World.

GENERAL INFORMATION

ORDER EARLY: Avoid disappointment by ordering early, as some varieties are limited, and orders will be reserved as received.

SUBSTITUTION: We do not substitute unless specifically requested to do so.

PRICES ARE NET: Minimum Order \$3.00. We pay regular postage on all orders of \$5.00 or over. On orders less than \$5.00 there is a charge of 35¢ for regular postage and packing.

SALES TAX: Residents of Tennessee must include three per cent sales tax with remittance.

PLANTS and ROOTED CUTTINGS: Plants will be shipped from April 15 to June 15, while Rooted Cuttings can be shipped two weeks earlier. We can furnish Rooted Cuttings of all varieties listed as plants.

Please include 55 cents with all Plant and Rooted Cutting orders to cover Special Delivery and/or Special Handling.

All plants or Rooted Cuttings orders from over 200 miles will be shipped Postage Collect unless postage is sent with order.

GUARANTEE: All stock is State Inspected, guaranteed to be true to name, free of disease, and in good growing condition upon arrival. We assume no other responsibility than replacement of ROOTS ONLY.

TRADE DISCOUNTS: Trade discounts apply to all items except those marked net. Commercial growers, please use letterhead when requesting wholesale prices. Send us your "Want List" for special prices. All wholesale orders are F.O.B. Signal Mountain, Tenn.

If there is any dahlia that we have not listed that you are interested in, write us as we grow several hundred varieties that are not listed. Also if you have any Dahlia problems, we will be glad to discuss them with you.

HAPPY CABIN DAHLIA GARDENS

First Release

CABIN BEAUTY, B-SC—Lt.-Bl.

A most satisfactory B size, average 6½ by 4 inches; color Mimosa yellow heavily blushed mauve. Won American Home Achievement, Chattanooga; A.D.S. Sweepstakes Award, Birmingham, Certified South Atlantic Trial Gardens. On Eastern and Southern Honor Rolls.

Note: We first noticed this dahlia in our gardens in 1951. It was planted in a section next to a woodland, where the dahlias had had no rain for weeks, poor soil, from encroaching tree roots, and a late infestation of red spider due to excessive heat, and no moisture. Though all the other plants were practically destroyed, this one held three blooms on bushes that were green and healthy, and no sign of red spider, though the one next to it was dead. We showed the two best, since it was two years old, for the first time that year and won with them. Each year since we have planted this variety, given it no special care, and each time it has come through with flying colors. Given care, water, and fertilizer the color is greatly intensified, but neglect it, and it still comes through nicely. A grand B, excellent for cutting, and good blooming habits. Stems well proportioned to hold flower, very little disbudding. Try it, you will like it.

Roots, Net 10.00; Plants, 3.50

NEW AMERICAN INTRODUCTIONS FOR 1957

(Plants only)

BUGG'S BUNNY (Bugg-Dahl) M SC E Bloom 4 x 2½. Bush 2½ ft. An adorable blend of light carmine rose shading to light mimosa yellow at base of petals. Always full centers, even late in the season. **Plants 2.00 net**

CAROL E. (Frank-Dahl), M FD E Primrose yellow miniature which is really very formal. Wonderful grower. Winner of trophy in New York and trophy for best small flowering dahlia in Washington in 1954, and another trophy in New York this season. Excellent for cutting and exhibiting. This will probably supersede Little Lemon Drop. On Dudley's Honor Roll. **Plants 2.00 net**

DARK LUSTRE (Dahliadel), Single E Bloom 4½ x 5, bush 2 ft. Really unusual as it qualifies as a single late in the season, but orchid type early with the petals rolling forward. Velvety Indian lake (purple) that doesn't fade. Best stems. Profuse bloomer. Certified 85.2 at Long Island in 1956. On Dudley's and Faust's Honor Rolls, and Webb's review. **Plants 1.50 net**

DOTTY (Haugh-Rocky River) A real gem for the miniature class. This yellow formal has everything a good miniature should have. Light yellow. Full centered flowers which are almost ball shaped with good substance. Handles well for commercial cutting, too. Always under four inches, averaging about three. Early and very prolific.

Plants 2.00 net

ELDORADO (Gaylord-Dahl). **B SC E** Bloom 8 x 4. Bush 5 ft. Most outstanding in the trial grounds and Mr. Gaylord's garden. A bi-color of lovely marigold orange deepened with lines of capsicum red, with long white tips. Nothing like it. Long straight stems and dark foliage. Certified in 4 trials, on Mr. Dudley's Honor Roll and Mr. Webb's review. Very satisfactory in the east wherever grown in the last two years.

Plants 3.50 net

ELSIE A. (Frank-Dahl), M FD M Bloom 2 x 1½. Bush 2½ ft. Petite and lovely Orient red. Beautiful form with notched petals A.D.S. Trophy in New York, 1956, and many other prizes. On Mr. Dudley's Honor Roll. Good for cutting and exhibiting.

Plants 2.00 net

EUCLID BEAUTY (Lasch-Ruschmohr) **B ID** Blood red and really bright 8 x 5 inches. Profuse bloomer with excellent keeping qualities. A.D.S. Sweepstakes winner in Ohio Dahlia Soc. Show. Listed on Eastern Honor Roll of the Flower Grower.

Note: This particular dahlia I saw at Cleveland, exhibited after a very heavy storm, when many dahlias were ruined, but this one came through and won on the show table the day after the storm. Very good. M. E. S.

Plants 3.50 net

JOEY K., BB SC Persimmon orange with some Indian yellow as base color. Petals deeply laciniate. Size 5½ x 2½ inches; bush height 3½ ft.

Plants 3.50 net

JONELL (Summers), Ball. Pure white ball dahlia and the best ever introduced. Winner of American Home Achievement Medal. Also best ball dahlia in Heart of America Show in Kansas City and Missouri Valley Show. Listed on Eastern and Southern Honor Rolls of the Flower Grower.

Plants 2.00 net

KATHLEEN (Phillips-Rocky-River) A very clear, clean pink cactus averaging 6 to 7 inches in diameter. A real eye catcher. Excellent grower, very early and profuse, as well as a good root maker. Substance and stem are all that could be desired. Fine for commercial work or exhibition. Scored well in seedling classes and was awarded the American Home Achievement Medal at Williamsburg.

Plants 3.50 net

LADY ESTHER (Ratcliff-Rocky-River) A nicely formed 4 to 5 inch formal of deep rose with purple tints, shading to almost white at base of petals. Small numerous petals give flower refinement with full centers and good depth. Very early and exceedingly productive. Nice, well proportioned stems. Tall vigorous grower.

Plants 2.00 net

LITTLE SPECKLES M FD Variegated. White with lavender and purple dots and spots. Size 3 $\frac{3}{4}$ x 2 $\frac{1}{4}$ inches. Excellent substance and very profuse. **Plants 2.00 net**

LOUISE ANN BB SC (Parrella) An A.D.S. Seedling Sweepstakes Award won 1955 in New York Show, as a 6 $\frac{1}{2}$ inch medium. This year a Leonard Barron winner for an outstanding cut flower, with an exhibit of 12 5-inch blooms. It is a pink and white semi cactus. Blooms freely all season, and keeps well when cut. A fine example of Florists Type dahlia which satisfies. Douglas Slocum, Long Beach, N. J., originator. **Plants 2.00 net**

PIEDMONT JEWEL (Faust-Rocky-River) An eight inch, full petalled lavender semi-cactus with unusual depth. A variety that will have very little to compete with. Excellent stems hold flowers above the tall plants. Strikingly good form, and except for occasional long centers, every bloom stands out on the plant as a sure winner. Note: We saw this dahlia growing in the introducers garden, and again on the show table, shown by the originator. We liked the one shown by Mr. Faust better, as finer in form than the one in the north. Growth was excellent in the introducers garden. A very fine flower. **Plants 3.50 net**

1957 AND RECENT FOREIGN INTRODUCTIONS

ASBURNHAM A StC Bronze with purplish reverse. With Big Ben, the largest true cactus. The introducer claims a 15" bloomer on good stem. Healthy stock, desirable variety for the giant exhibition grower. **Plants 1.00 net**

BABY DAUGHTER M FD Baby rose with violet sheen. Plants are vigorous and healthy. Blooms perfect formation, and long lasting. Good exhibition small formal. **Plants 1.00 net**

BARBARA MARSHALL A FD One of the very few fiery orange scarlet exhibition giants which are really good. Easily measures 12" and over. **Plants .75 net**

BOLERO B FD Delicate rose. A fine cut flower that was awarded the Silver Challenge Cup of the German Dahlia Society for the best variety in 1955. **Plants 1.00 net**

BROWN OWL A-IC Golden dawn. An exhibition bloom from South Africa. Long petals are narrow and rolled from base to tip, and are widely incurved. Purple reverse of florets deepens color at center of large blooms. **Plants 1.50 net**

CELEBRITY A SC A wonderful novelty. Large blooms are carried by good stems and consist of a great number of petals, forming a very deep, nearly ball shaped flower. Beautiful salmon-apricot with large yellow center. Especially good for exhibition. **Plants 2.50 net**

CHRISTINE B SC (Aus) Rose undertone is splashed and veined crimson red, in a peculiar regularity. A very good variegated dahlia. **Plants 1.00 net**

CYCLOOP B SC Deepest blood red with velvety blackish center. A great improvement of Doris Day for exhibition purposes. An outstanding novelty with excellent qualities in every respect. **Plants 1.00 net**

DELICATE BEAUTY BB SC A very good lavender cut flower with unusual long lasting qualities on water when cut. Very delicate lavender, slightly tinted Magnolia-purple. **Plants 1.00 net**

DR. PHILLIP'S MEMORY A SC A very fine pure salmon, admired by everyone. Large well shaped flowers on long stiff stems. **Plants 1.50 net**

ELLA BRIGNALL A ID Deep cream center to light salmon. A very large exhibition bloom that the introducer claims can be grown to 14 inches. Flowers are deep and wide, with broad petals. Good stems to support large flower. **Plants 2.00 net**

GEELONG B IC Bronze with slightest hue of lavender. Large blooms last long on plants as well as in water. Petals are broad at the base, then narrow, incurved and rolled to tips. Long stems and perfect habit. Fine exhibition dahlia of distinction, America honor in 1955. **Plants 1.00 net**

GOLDEN HEART B SC Orangy red, abruptly changing to a golden center. A fine novelty. **Plants 1.50 net**

HELEN STAFFORD A ID A free flowering blend of white at the base, deepening into mauve at tips. Large flowers. **Plants .75 net**

LEANDER A IC One of the largest cactus. Enormous blooms on excellent stems. Flaming orange color, with golden petal-backs. **Plants .75 net**

INDEPENDENCE B SC Sometimes ID Cobalt yellow undertone, suffused tan, every petal being laced brown. A glowing autumn shade, Enormous stems and best of habits. **Plants 1.50 net**

LEUCHTSTERN B SC A very good bright yellow semi-cactus with exceptional merits as a garden plant. Blooms from early to late, with blooms of good size. **Plants 1.00 net**

LORD MAYOR A SC The introducer sings the praises of this dahlia to the skies. The immense flowers are carried on huge stems high above the foliage and held at perfect 45 degree angle. Normal growing conditions and normal disbudding, easily grows 12 inches with a depth of 5½ inches. Flower formation ideal as a semi-cactus, and color a beautiful appealing rich golden bronze. This is a very healthy grower, with dark green strong and insect-resisting foliage. A tall growing plant, and a good root-maker. **Plants 2.25 net**

MRS. McDONALD QUILL A FD Velvety crimson to black at center, heavily tipped white. Blooms may grow to a monstrous size for a formal bi-color, and are carried at a correct angle. Six exhibition blooms at one time is not unusual. **Plants 1.50 net**

MARGARET DUROSS A FD (U.S.A.) An excellent American novelty that gave a good account of itself this past year on the various show tables. A deep golden bronze, wonderful flower on excellent stems. **Plants 1.50 net**

MAJUBA B FD Large flowers on excellent stem with a deep glistening carmine-red color with some blackish velvet in the center. **Plants 1.00 net**

PINK DELIGHT B ID A very good early and free flowering variety with great qualities as a cut flower. Deep mauve pink. Excellent stems. **Plants 1.00 net**

POPULAR GUEST B Sc A lovely flower that will cause a lot of interest at the shows. Medium sized blooms are of perfect formation and petals are deeply laciniated. Deep pink on a lighter base. **Plants 1.50 net**

PRISCILLA B IC A great dahlia in its class. Cup-winner, 1956. Deep orange. Good stems and a prolific bloomer. Excellent keeper as a cut flower. **Plants 1.50 net**

ROCKET A SC The marvelous blooms are of splendid semi-cactus formation. Color an eye-catching glowing blood-red with a touch of cardinal red in the center. Striking dahlia of unbelievable qualities and merits. **Plants 2.25 net**

SECOND CENTURY B SC The introducer says this is the finest red he has ever seen. Color brighter and more beautiful than Scarlet Leader. Flowers large and have a fine semi-cactus form on long stems, Bruidegoms 200th seedling. **Plants 1.00 net**

TARTAN B ID An exceptional and distinct bi-color. Darkest mahogany petals are edged and tipped purest white, and form a globular shaped bloom of nearly equal depth as width. Stems are strong and perfect. (Award of Merit), England, 1954. A promising exhibition dahlia. Challenge cup, 1956. **Plants 1.25 net**

TELEVISION B IC Orange spider bloom, and very prolific. Petals are narrow from base to tip, and readily incurved. An eye-catching garden plant of bright beauty Belgian Champion 1955. Excellent for border, or row cultivation, and for artistic arrangements. **Plants 1.25**

TOPPER B IC Salmon orange throughout. Blooms well formed and at correct angle on strong and long stems. Prolific bloomer, and blooms from early to late. **Plants 1.50**
